PRESIDENT’S MESSAGE

As I wrap up my term as president of GMHA, I look back at how interesting the last two years have been. When I took over in November 2019, GMHA had just completed a successful season and was looking forward to a bright future in 2020. The COVID-19 pandemic with its lock downs, travel restrictions and isolation quickly dissipated the enthusiasm of the upcoming year. But GMHA is if nothing else, adaptable. GMHA and its family waited out the restrictions, adapted its show management to allow competitions to re-open late in the 2020 season. At the completion of the 2021 season, GMHA was back at full speed with competitions, competitors returning to the grounds, our education programs and clinics continuing GMHA’s mission of educating equestrian youths and adults. It was nice to be able to offer a full slate of competitions after a shortened one last year. This is due in no small part to the support from you, our members, business members, volunteers, and the on-going efforts of our hardworking staff. When we sent out requests to support our fund raising to match the Manton Foundation Challenge Grant, the response from the GMHA family was overwhelming. The Challenge was met in March, and we were able to look forward to the upcoming season. With the grant monies, GMHA was able to undertake projects that were delayed in 2020 along with ones scheduled for 2021. New energy efficient LED lighting was installed in C and D Barns along with the temporary stall area in Upwey Barn. All the riding arenas received new footing to bring them up to GMHA’s standards. A new arena drag was purchased to improve their management.

As I turn over the reins of GMHA to former Board Vice-President Kathy McHugh, I see a revitalized organization ready to fulfill its missions of open space protection, education, and friendly competition.

Robert Piro
President

EXECUTIVE DIRECTOR’S MESSAGE

As we finish up the 2021 year, I see a year of excitement and enthusiasm returning to GMHA. After a 2020 filled with worry and uncertainty, GMHA, its members and extended family came back with gusto! The excitement grew as the 2021 season progressed. Events were back, and we were able to allow friends, family and spectators on the grounds to join the fun.

Buoyed by the success of the Manton Foundation Challenge Grant, GMHA was able to make important facility improvements: LED lighting in Barns C, D, and the Upwey Barn temporary stalls, a new arena drag, new radios to improve communications and safety, and new footing in all the arenas.

As we look forward, we are both excited about the coming season, and like everyone else, anxious about inflation. Everything is more expensive, and clearly not going away anytime soon. We’d love to hold the line on what we charge for entries and facility fees to continue to be affordable to our community. We’ll tighten our belts and increase operating efficiency. We’d love your help, too! Renew your membership, donate to the Annual Appeal, sponsor a show or class, become a business member. All things help GMHA close the gap going forward. Support our business members and advertisers by staying at their hotels, eat at their cafes and restaurants, buy their products. Let them know that you join them in supporting GMHA and its mission. Thank you.

Bruce Perry
